Increased Service, Higher Demand for Digital Video Technology Behind Gatekeeper's US Expansion

Abbotsford, BC March 27th, 2018 - Gatekeeper Systems Inc. ("Gatekeeper" or the "Company") (TSX.V: GSI; OTC: GKPRF; FSE: 1GK) is pleased to announce that it has formed a new subsidiary, "Gatekeeper Systems USA Inc.", registered in the State of Delaware. The new company is a wholly-owned subsidiary of Gatekeeper Systems Inc.

Gatekeeper Systems USA Inc., has been created as a division providing sales and service and to meet *Buy America* regulations. It will also increase operational capabilities south of the border for the company's highly successful digital video technology systems. The new American subsidiary will seek opportunities within the public transit market, as well as build on its service and maintenance capabilities for its school bus fleet customers.

President and CEO Doug Dymant said, "Our business is showing signs of growth in the transit market as authorities use digital video technology to provide a safe passenger experience and manage their fleets and resources. This puts us closer to our customers and to major metropolitan hubs, which will allow us to offer higher levels of customer service and develop new business. And with our new US presence, we will also fulfill *Buy America* regulations".

Gatekeeper has approximately 100,000 cameras installed on school and transit buses throughout North America and has expanded its business to include customers such as the United States Air Force, defense contractors, and law enforcement agencies. It serves more than 3,500 customers, in every province and state across North America.

About Gatekeeper Systems Inc.

Gatekeeper provides high definition video integrated with GPS and vehicle sensors for mobile applications including school, transit buses, law enforcement and military applications.
